Assessment of native fauna

I have assessed the presence and species of native fauna that may be susceptible to the type of poison proposed for use, and I have deemed there to be low risk.

Permit holder's declaration

I,

of

request a permit to use restricted chemical products from _____ to _____

and being over 18 years of age and the owner/occupier/authorised agent of the above land state that:

- the above information and the attached map is true and correct, and should the use of the recommended products on my property be approved.

I hereby agree to ensure that I and any person nominated as my agent, receiver or approved user for the purposes of this application is appropriately trained and/or authorised and will comply with the relevant code of practice and label directions of use particularly with respect to:

- neighbour notification, warning signs, distance restrictions, clean up after baiting and disposal of wastes, precautionary measures, storage and transport and record keeping; and
- will also comply with any and all additional conditions applied by the authorised risk assessment officer.

As the owner/occupier/approved agent of the above land I acknowledge that should the risk factors on this property change or any of the nominated persons/retailers change, I must inform an authorising officer and submit a revised baiting application form and property map.

Signature (print and sign)

date

I give my consent for a copy of the issued permit (new and amended versions) to be provided by the Department of Primary Industries and Regional Development to the following recognised biosecurity / landholder group(s):

Important - please note: There is an administration fee per permit amendment. Fees for amendments to permits must be paid **prior** to processing. Once the amendment form has been submitted, an invoice will be issued and the amendment will be processed when payment is confirmed. Processing could take up to 10 days after payment has been received.

The amendment fee is non-refundable in the event that the assessed risk is deemed as extreme and permit changes are not permitted.

For more information on permits and charges visit DPIRD's baiting and poison permits webpage agric.wa.gov.au/1080/baiting-and-poison-permits
